

TCC VET

Toward a Continuous Cycle of digital literacy learning for VET teachers

Testimonials

Mentimeter

Co-funded by the
Erasmus+ Programme
of the European Union

Name of the teacher:

Lucas van der Meulen

Brief CV:

Teacher and trainer for business start-ups, expert in business development and owner of PraatPaal; an online training environment to prepare as a starting entrepreneur. Lucas is very skilled in providing training and workshops in front of VET school students and is a great supporter of using interactive tools in workshops to get the attention of the students.

- How often do you use the tool?

Approximately 8 times a year

- What tip would you give to other teachers regarding this tool?

Mentimeter is a great tool to use as an icebreaker for large groups. It gives them more control over and the feeling of having a contribution to the event. Start using Mentimeter in the introduction to install everybody and explain the rules of Mentimeter. Then use it for interaction during your event on max 5 occasions. Don't over use it!

- For what purpose?

I use Mentimeter during business related events, mostly for students, where I use the tool to close the gap between audience and stage (interaction)
