Erasmus+ Programme
of the European Union

Name of the teacher:

ANONYMOUS

Brief CV:

Dr. Chemist, responsible for the pharmaceutical and cosmetic department of a private VET school. He has been a teacher for at least 10 years and he is quite accustomed to using digital tools in different occasions. In class he has been integrating quizzes and polls quite often.

- How often do you use the tool?

Three or four times per week.

- What tip would you give to other teachers regarding this tool?

To build their Poll Everywhere according to their audience – not all students respond to open discussions, some of them just want to vote.

- For what purpose?

I use Poll Everywhere to keep my students “busy” with participating in debates and express their opinion anonymously. They enjoy open discussions mostly, and that is why I use this tool to sum up my session and find out whether they have understood or if there are any vague points in my teaching content.
